

APPLICATION PROCESS FOR SNAP

(SPAY/NEUTER ASSISTANTS PROGRAM)

Thank you for being a responsible pet owner and your interest in SNAP.

If you feel you are qualified for our program, please fill out the application inside completely. The information we gather may help us qualify for special funding.

SNAP pays a fixed amount towards your pet's spay or neuter procedure only. Each veterinarian has their own fee schedule and there may be additional charges for their services such as vaccinations, examinations, or office visits.

SNAP does not cover any other charges so please inquire about your total fees when scheduling your pet's procedure.

* Mail your completed application at least 10 days prior to the scheduled procedure to give us time to process your application.

* The **SNAP** committee will review your application and may contact you if they have any questions.

* Upon approval, you will receive through the mail a certificate showing the dollar amount **PAWS** will fund. You must present this certificate to your veterinarian and they will credit your account in that amount.
